

Meiosis

Name: _____

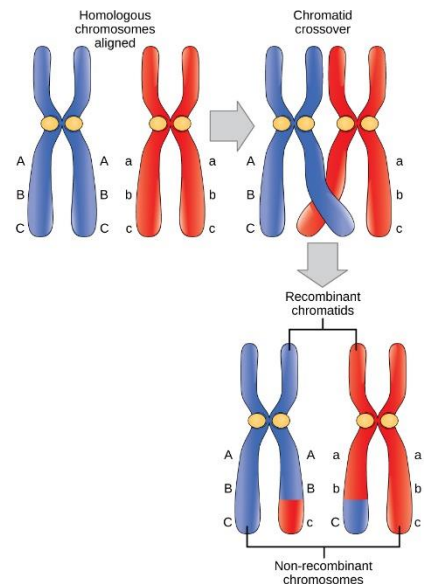

1. **Definitions:** Please write definitions for the following words – use your notes and write those definitions in your own words

Term	Definition
Gamete	
Homologous	
Chromosome	
Diploid	
Haploid	
Chromatid	
Tetrad	

2. **Meiosis phases:** document what happens in each phase in the table below

Meiosis I		Meiosis II	
Interphase			
Prophase I		Prophase II	
Metaphase I		Metaphase II	
Anaphase I		Anaphase II	
Telophase I		Telophase II	
Cytokinesis		Cytokinesis	

3. Label the following diagram with sister chromatids, centromere & tetrad:

4. Label the stages of meiosis on these 2 diagrams:.
